

PLAN

Help us change the world (again).

Planned Lifetime Advocacy Network (PLAN) and PLAN Institute are **seeking a dynamic CEO** to lead a restructured organization into a new era.

In the wake of our successful campaign to establish **the world's first Registered Disability Savings Plan**, we are seeking a leader to build on this momentum and bring to fruition a number of exciting initiatives.

We want to deepen our outreach to families and maintain our role as an **innovative, advocacy organization**.

This will require a demonstrated ability to create, inspire and execute a vision of a **good life for people with disabilities and their families**.

We're looking for a leader who will consolidate our accomplishments as a family led social enterprise and prepare us for the next set of challenges.

This is a position for someone who is equally comfortable in family kitchens and corporate boardrooms.

We want someone with proven social enterprise and resource development experience, an experienced communicator and who is comfortable managing a skilled team while expanding the engagement of families and community supporters.
